AUSTRIA CALLS OUT RESERVES

Russia and Germany Also Preparing for War.

EUROPEAN SITUATION GRAVE

Rumors of Russian Mobilization "Excite Austrian Press to Strong Outburst—Terrorific Bombardment Takes Place at Adrianople—Nazim Pasha Reports Repulse and Slaughter of Bulgarians at Tchatalja.

London, Nov. 23.—Telegraphing from Mustapha Pasha Friday the Daily Telegraph's correspondent says: The bombardment of Adrianople proceeds furiously. It became intense at 2 a. m. The Turks replied hotly with their guns. They attempted sallies, but were repulsed with much slaughter. New positions and forts have been captured. In this fighting occurred by far the heaviest firing of the siege.

London, Nov. 23.—According to the Chronicle's Vienna correspondent three classes of the Austrian reservists have been called out. About 300,000 men, he says, have massed around the Serbian frontiers and equally steady preparations are going forward in Galicia.

"It is reported that the Don Cossacks have been mobilized and that the Russian authorities are holding all available rolling stock on the lines running to the Austrian frontier," a dispatch to the Daily Mail from Vienna says: "Five large bridges spanning the Danube here are being closely watched. The sentries have been doubled in order to prevent any tampering with the bridges. On the whole safety depends on the railway communications with the northern part of the empire.

"During the last fortnight all the troops that could conveniently be spared have been drafted toward the Bosnian and Russian frontiers and the possibility of the southern Slavs proving unreliable in a war against Russia or Serbia has been guarded against by a careful redistribution of the troops.

"According to my information Austria is counting on Rumanian support in event of a war with Russia, which is rumored to be massing troops on the line facing Pomerania. The Germans are said to be sending forces into Pomerania."

A dispatch to the same newspaper from Cracow, Galicia, says: "There are great military preparations here. The reserves have been called out and the masses of troops are marching through the city." The correspondent of the Daily Mail at Sarajevo, capital of Bosnia, learns that all the preliminaries of mobilization have been completed and says reinforcements are arriving there in large numbers.

PEACE EFFORTS ARE FUTILE

Turkish General Reports Severe Fighting at Tchatalja.

London, Nov. 23.—The efforts toward peace in the Balkans made no visible progress. Exchanges of artillery fire and infantry reconnaissance proceeded along the Tchatalja lines and Nazim Pasha, the Turkish commander-in-chief, in a dispatch to Constantinople, reports that an infantry battle took place in front of the center of his position and that the Bulgarians left several thousand dead before the Turkish order works. Not much credence is placed in this report, however.

Elsewhere in the war zone the military situation remains unchanged.

WOODMEN TO FIGHT RULING

Head Clerk Says Rate Case Will Go to Court of Last Resort.

Rock Island, Ill., Nov. 23.—The executive council of the Modern Woodmen of America, at an adjourned meeting at the headquarters here, will consider the course to be followed in dealing with the decision of Circuit Judge Shirley at Springfield, Ill., restraining the society from putting into effect Jan. 1, 1913, the rates adopted by the society's legislative body at Chicago last January.

Major C. W. Hawes, the society's head clerk, in commenting on the council's probable action, said:

"We will have full advice from our legal counsel as to the terms of this decision. We will, of course, respect the order of the court while it remains in force, but the case will be carried to the court of last resort and we fully expect an ultimate decision reversing Judge Shirley's opinion."

Arrested on Perjury Charge.

Champaign, Ill., Nov. 23.—Professor L. D. Hall of the faculty of the University of Illinois was arrested here on an indictment charging perjury in connection with an inquiry into voting by students of the university at the last election.

ASKS UNIONS TO FINANCE TRIAL

Federation of Labor Discusses Alleged Dynamiters' Case.

DOES NOT CONDONE CRIME

Convention Adopts Resolution Requiring Delegates to Urge Upon Their Respective Unions the Necessity of Raising Funds to Aid Suspected Men in Securing a Fair Trial and in Appealing Should Fair Trial Be Denied Them.

Rochester, N. Y., Nov. 23.—The American Federation of Labor decided to ask the unions affiliated with it to raise money for the defense of the alleged dynamiters who are on trial in Indianapolis.

Andrew J. Gallagher, representative of the California State Federation of Labor, raised the question of financial aid to the men on trial in Indianapolis. He offered an amendment to the report of the committee on the president's report providing that the balance in the McNamara defense fund be devoted to the defense of the Indianapolis defendants. His amendment was rejected by the chair on a point of order that the money in question is in the custody of the McNamara defense committee and therefore not at the disposal of the federation.

The president's report committee defined the attitude of the federation in the so called "dynamiting" cases, including the McNamara cases, in these words:

"The American labor movement, as represented in the American Federation of Labor, will neither countenance nor condone any one who undertakes to carry on a criminal warfare on society. That some of these men are guilty of carrying on such a warfare appears from the confessions they have made relative to their connections with these crimes. The every man must be considered innocent until he has been proved guilty has always been accepted as a fundamental principle of our jurisprudence and in the consideration of his case before the courts he is entitled to a fair and impartial trial."

Wants Fair Trial or Appeal.

The resolution adopted by the convention was: "That delegates to the convention on their return advise their international unions and local bodies to provide financial assistance for the trade unionists on trial in Indianapolis, to aid them in securing a fair trial and in appealing the cases should fair trial be denied them."

The resolution also urged that the men on trial be "not convicted in advance or the decision in their cases be influenced" by the alleged fact that certain corporations and a private detective agency "are clamoring for a conviction."

It was decided by more than the two-thirds majority required to revoke the charter of the International Association of Steam and Hot Water Fitters and Helpers, delegates from which were denied seats in the convention last week.

The convention also refused to take any action in the dispute between factions of the International Brotherhood of Electrical Workers and reaffirmed its decision that only the faction affiliated with the federation is legal.

Other resolutions adopted favor the initiative, referendum and recall, including the recall of judges; popular election of United States senators, workmen's compensation with the retention of employers' liability, old age pensions and the repeal or withdrawal of the Sherman anti-trust law to prevent the prosecution of labor unions under its provisions.

JURY SEES KNOCKER CARDS

National Cash Register System of Wiping Out Rivals Explained.

Cincinnati, Nov. 23.—The trial of President John H. Patterson and twenty-nine other officials or former officials of the National Cash Register company of Dayton, O., charged in the United States district court here with violating the criminal section of the Sherman anti-trust act, probably will be long drawn out.

"Knocker cards," or cards sent to agents of the company, according to James, to be filled out whenever a rival machine was "wiped out of the agent's territory," were put in evidence over an objection by the defense, as were also National cash register magazines.

In one of the magazines the prosecution read an article stating that \$5 would be taken from the sale of each National machine in order to maintain a "competition department."

Boys Found Guilty of Murder.

Janesville, Wis., Nov. 23.—Harry L. Berger and Edward Myer, seventeen and nineteen years old, were found guilty of third degree murder in the slaying of Tilly Bergstern, who was killed Sept. 30. They will be sentenced next Monday.

CAPTAIN ROSTRON.

APPROVES ROSTROM MEDAL

President Accepts Design for Gift to Titanic Hero.

Washington, Nov. 23.—President Taft approved the choice of the fine arts commission for the design of a gold medal to be presented to Captain A. H. Rostrom of the Cunard liner Carpathia for his heroic services in saving the survivors of the Titanic disaster.

The accepted design was the work of John Flanagan of New York city. The medal will be presented to Captain Rostrom by President Taft.

CAMPAIGN MATTER RESULTS IN DEFICIT

Franking Speeches Wipes Out Postal Surplus.

Washington, Nov. 23.—Political campaign material transmitted free of postage through the mails accounted for the difference between a postal surplus and a postal deficit for the last fiscal year ended June 30, according to postoffice department records. An account of franked mail forwarded for congress, the executive departments and other government establishments includes matter which at the ordinary rates would have netted the government nearly \$20,000,000. About \$3,250,000 of this would have been paid on political documents.

The postal service handled during the year 310,240,000 pieces of franked mail, weighing 61,377,000 pounds. This was 3.8 per cent of the total weight of all domestic mail carried.

During the presidential and congressional primary campaign in the last quarter of the fiscal year, as disclosed by comparison with the amounts of free matter sent during the corresponding periods of previous years, an extraordinary amount of franked matter was sent through the mails at public expense.

This matter consisted of political speeches, reports and documents of all kinds and even of one complete political campaign book, all of which had been made technically frankable by insertion in the Congressional Record. It is computed that the total weight of this franked matter was between 7,000,000 and 8,000,000 pounds, all of which was transmitted as first-class mail.

PROPOSES \$10,000 A YEAR

Senator McCumber Has Plan to Pension Ex-Presidents.

Washington, Nov. 23.—Senator P. J. McCumber of North Dakota, chairman of the senate committee on pensions, has a plan to take care of former presidents and their widows. It was presented to the senate at the last session. It is now given prominence because of the offer of the managers of the Carnegie foundation to grant a pension of \$25,000 a year to former presidents.

The Carnegie proposal is not approved by Senator McCumber. It is his opinion that it is the duty of the government to provide for men who have served as president.

The McCumber plan was submitted to the senate in connection with a bill presented by Senator Root of New York. The Root bill provided that the government should pay the widows of former presidents a pension of \$5,000 a year.

The bill was reported favorably, but it was accompanied by an adverse report prepared by Mr. McCumber, to whose committee the measure was referred. Mr. McCumber suggested that former presidents be granted a pension of \$10,000 a year and that their widows be allowed a pension of \$5,000 a year.

Lone Bandit Holds Up Saloon.

Glencoe, Minn., Nov. 23.—The Osbeck & Jumer saloon was held up by a lone bandit and eleven men in the place were robbed of \$500. They were held at bay with their hands up to the wall for thirty minutes. Fred Wallace was arrested as the robber and another man known as "Jugy Joe" and a third one who is a stranger are held as suspects.

JOCKEYING FOR CHAIRMANSHIPS

Contest Among Senate Democrats For Committee Places.

CLAIMANTS FOR LEADERSHIP

Martin of Virginia, Now Minority Leader, May Get the Plum—Rivers and Harbors Bill to Be Pushed in Short Session—Senator Borah to Press Labor Department Measure.

By ARTHUR W. DUNN.

Washington, Nov. 23.—[Special.]—When Governor Wilson set at rest all doubt as to an extra session of congress he started the liveliest sort of contest among the Democrats of the senate. More important than the Democratic policies are the selfish desires of individual Democrats regarding committee places and committee chairmanships. It might not be supposed that the entire energy of a great and successful party would be nearly consumed in this mad rush for personal place and scheming for committee assignments. It has always been the case with every party. Every congress witnesses jockeying and wirepulling about committee assignments.

With the Democrats about to assume control of the senate the combinations are so many and possible that all sorts of schemes and propositions are made. Above it all is the claim of seniority, which counts for everything and is not easily upset, but there is an opportunity for many of the seniors to take a choice, and they are playing the game for the advantage of themselves and their friends.

Will Martin Be Leader?

Senator Martin of Virginia is now the minority leader. While technically there is no real leader for the majority, the chairman of the majority caucus organization is generally recognized as leader. That honor has always fallen to the man longest in service in the majority. Martin, Bacon and Tillman came to the senate at the same time. One of them will be chosen chairman of the caucus. It will possibly be Martin unless a fight is made against him by the progressive element of the party. Bacon will be president pro tem. Tillman is not strong enough for the place Martin wants.

Not Getting Together.

"Taft would have been elected sure if Roosevelt had not been in the field," is the claim of the friends of the president.

"If Roosevelt had been nominated at Chicago by the Republicans he would have been elected," say the leading Progressives.

As long as that idea is expressed and believed there is not much hope of the rival factions getting together. If they could realize that this was a Democratic year and that no Republican was likely to succeed they might find a mutual basis of future agreement. But as long as the present feeling exists the effort of the peacemaker will not be an easy task.

Rivers and Harbors Bill.

Already efforts are being made to secure the passage of the rivers and harbors bill at the short session of congress. The fact that eight members of the house committee were defeated in the last election will make them anxious to get a bill through, so they may look after their own interests while still members of the committee. There has been a sort of understanding that a waterway bill shall pass each year, although it has been found somewhat more expensive than the old system of one bill every two years.

Lost to Lodge.

Henry Cabot Lodge has had nearly every ambition of his life gratified. He has become the senior senator from Massachusetts, has become one of the senate leaders, has been spokesman for a president, has twice been permanent chairman of national conventions and twice chairman of the committee on resolutions which made the national platform. But the one yearning ambition of his life remains unsatisfied—he cannot become chairman of the committee on foreign relations of the senate. With a tenacity of life surprising Senator Cullom has held on, and when he was finally displaced the Democrats capture the senate and take the chairmanship, which was almost within Lodge's grasp.

May Be Another Department.

While it is doubtful, there is the possibility of another cabinet position for Woodrow Wilson to fill. The department of labor bill has passed the house, and Senator Borah has it in an advantageous position on the calendar. Borah is the kind of man who pushes things and knows how to get bills considered. Of course it will not be hard to defeat any measure in the short session, but persistence may win the battle. It would be a problem with Mr. Taft as to whether he should approve or veto such a bill.

"White House Guest."

It was some joker who referred to President Taft as a "White House guest" on the occasion of one of his recent fleeting trips to Washington. The president enjoys being on the wing and no other man has been away from Washington during his term of office more than the present chief magistrate.

Yale.

Yale university was first established at Saybrook, Conn., in 1700. It removed to New Haven in 1716.

JOHN SCHRANK.

SCHRANK GOES TO ASYLUM

Judge Sentences Assailant of Colonel Roosevelt.

Milwaukee, Nov. 23.—John Schrank, who shot Colonel Theodore Roosevelt on the night of Oct. 14 in Milwaukee, was committed by Municipal Judge A. C. Backus to the Northern hospital for the insane near Oshkosh until cured. Judge Backus' ruling in part:

"The court now finds that the defendant, John Schrank, is insane and therefore incapacitated to act for himself. It is therefore ordered and adjudged that the defendant, John Schrank, be committed to the Northern hospital for the insane near Oshkosh, in the county of Winnebago, state of Wisconsin, until such time when he shall have recovered from such insanity, when he shall be returned to this court for further proceedings according to law.

"And it is further ordered that all proceedings in this case be saved indefinitely and until such recovery."

SUPPOSED MADMAN SHOTS DOWN TWO

Fires on Family Through Window Near Hamel, Minn.

Minneapolis, Nov. 23.—Matthew Lenzen, aged twenty-five, and Leonard Lenzen, Jr., aged ten, were brought to St. Mary's hospital as the result of a mysterious shooting at their home near Hamel, fifteen miles from this city. Matthew, the eldest, may die.

Authorities can give no reason for the shooting except that it was the act of a madman.

The shooting occurred while the mother, the two injured sons and several of the other children were sitting in the kitchen of their home one and one-half miles south of Hamel.

Without warning the unknown assailant, who had hidden his horse to the window, fired upon the group, five of his seven shots taking effect. Matthew, the eldest, was struck four times, once above the temple, once in the breast and through each elbow. The younger brother was shot in the thigh.

Immediately this supposed madman rode away and shortly afterward several girls who were passing along the road were shot at, but none was injured.

TAKE ALLEGED KIDNAPPERS

Eleven Other Supposed Black Handers Arrested in Chicago.

Chicago, Nov. 23.—Thirteen Italians, two of them identified as alleged kidnapers and the others suspected of being implicated in recent blackmailing schemes among fellow countrymen, were taken into custody when detectives raided a basement of a building in the North Side Italian quarters.

Samuel Ruffo and Dominick Boria were identified as the men who attempted to kidnap Niccolati Vacaro, fifteen years old, born in front of her home on the North Side Thursday morning.

Lucia Cera, captured at the time of the attempted kidnapping, told the police that Ruffo and Boria gave him \$40 to aid them.

MAY BLOCK TAFT'S PLANS

Senate Democrats Figure on Holding Up Appointments.

Washington, Nov. 23.—There are significant rumors that the senate, during the coming short session, may decline to confirm any of the appointments of President Taft or to pass any bills carrying out the recommendations of his message. This stand, it is said, will be the result of concerted action among the Democrats who desire to have President Elect Wilson make all pending appointments and secure credit for important new legislation. In a word, the proposed plan would nullify the office of president for the next three months. There is no ill will toward Mr. Taft in this proposed policy, but merely a desire to secure party advantage.

M'MANIGAL GAVE TIP TO M'NAMARA

PAY NO ATTENTION TO LAW

Many Candidates Ignore the Publicity Statute.

Washington, Nov. 23.—Although the federal campaign publicity law imposes both fine and imprisonment for violation many candidates for congress, among them candidates who have been elected, have ignored the statute. A number of Northwestern men failed to comply with the law.

This has given rise to the question among both Republicans and Democrats as to whether the act should not be amended so as to compel absolute compliance.

The law is regarded as defective in many respects. In the first place no machinery was erected to enforce it. In the second place no one is authorized to see that it is obeyed and no provision is made for examination of the accounts that are submitted to the secretary of the senate and the clerk of the house.

DECLARES RATES EXCESSIVE

Illinois Judge Enjoins Head Camp of Modern Woodmen.

Springfield, Ill., Nov. 23.—Holding the new rates adopted by the head camp of the Modern Woodmen at the meeting in Chicago in January, 1912, to be burdensome to the members of the society and excessive and unnecessary Judge Robert Shirley of the Sangamon circuit court granted a perpetual injunction restraining the head camp from putting the rates into effect and also restraining the officers from declaring delinquent any member refusing to pay the new rates.

The injunction is sweeping, as the organization is an Illinois corporation, having subordinate organizations called camps all over the United States and Canada.

AUSTRIAN PRESS IS BITTER

Accuses Russia of Standing Behind Serbia.

Vienna, Nov. 23.—Rumors of a Russian mobilization have led to a strong anti-Russian outburst by the Austrian press, which accuses Russia of being behind Serbia.

The bourse was greatly weakened by rumors of warlike preparations by Austria and Russia. Reports of mobilization by Austria are still denied officially, but it is known that certain military measures have been taken which would enable mobilization with great rapidity. Great significance is attached to the visit of the Austrian field marshal, Von Schenna, to Berlin.

FARMER MISTAKEN FOR A DEER.

Benidji, Minn., Nov. 23.—John Miller, sixty-three years old, was mistaken for a deer at work on his farm twenty miles northwest of Benidji. He was shot and killed by unidentified hunters. All trace of them appears to have been lost.

TWO CANADIAN HUNTERS DROWNED.

Winnipeg, Nov. 23.—W. H. Turner, merchant of McGrath, Alta., and John Cheny, real estate broker of Lethbridge, Alta., were drowned in Mendonhall lake, south of McGrath, while duck hunting.

Says He Told James B. Detestatives Were After Him.

WANTED TO BLOW UP BURNS

Witness at So Called Dynamite Conspiracy Trial Asserts McNamara Proposed Placing Bomb Under Detective Burns' Desk and Exploding It With an Electric Wire From an Adjoining Room.

Indianapolis, Nov. 23.—Ortie E. McManigal at the so called dynamite conspiracy trial testified that James B. McNamara, seven days before his arrest, proposed placing a bomb under the desk of Detective Burns.

McManigal testified he had observed he was being followed and had seen strange heads dodging around the corners of elevator shafts in the ironworkers' headquarters in Indianapolis.

"I told James B. that William J. Burns had detectives after us; that detectives were even coming up near the vault where we stowed the dynamite and that one of them followed me on the street when I was going with a suitcase of dynamite to blow up the South Chicago job," McManigal said.

"McManigal said if we saw any more of them we would go to Chicago and rent a room near to Burns' office, put an electric wire through the walls and arrange to set off a bomb at Burns' desk when he was sitting there. That would end our troubles with him, he said. I told him I didn't think we would ever do anything of the kind, or get near Burns."

"That was about April 5, 1911." A week later McManigal and McNamara, who had gone to Detroit to clean up that city, were arrested with suitcases filled with dynamite.

For blowing up an unloading hoist and damaging a steamer near the docks in Milwaukee, March 16, with a loss of \$50,000, McManigal said he received the compliments of John J. McNamara, "for the best job he ever did."

When he destroyed part of the Douglas county courthouse in Omaha, March 24, he said he was called down because he did not cause the explosion to occur at exactly the same hour James B. blew up a job at Columbus, Ind., a telegraph signal having been arranged to send word to John J. at Indianapolis when he was ready.

ARE ACCUSED OF REBATING

Grand Jury Indicts Coal and Railway Concerns.

Chicago, Nov. 23.—Three subsidiary lines of the New York Central railway system and a Chicago coal corporation were indicted by the federal grand jury charged with giving and receiving rebates.

The companies named in the true bills are: The Lake Shore and Michigan Southern Railway company; the Cleveland, Cincinnati, Chicago and St. Louis Railway company; Chicago, Indiana and Southern Railroad company; O'Garra Coal company.

The indictments grew out of the payment of \$60,000 by the railroads in the latter part of November, 1909, to the coal company, for which no proper accounting was made to the government.

Charges, it was said, against high officials of the New York Central lines are to be the object of further inquiry by the federal grand jury.

COAL MINERS WIN VICTORY

One Company Grants Demands and Others May Do So.

Charleston, W. Va., Nov. 23.—What is believed to forecast the end of the great coal strike in the Kanawha coal fields of West Virginia was announced in a signed wage agreement between the union miners and the officials of the National Bituminous Coal and Coke company.

The agreement practically recognizes the union, provides for an increase of about 21 per cent in wages, reduces tonnage, permits the miners to organize, provides for a nine-hour workday and gives the men now on strike preference if they should desire to return to work.

The miners are jubilant over the agreement. The agreement will affect upwards of 600 union miners now on strike.

Whether the other coal operators in the Paint and Cabin creek district will follow the lead taken by the National Bituminous Coal and Coke company is not known, but the miners believe they will take similar action.

ARREST WOMAN GAMBLERS

Angry Husband Squeals and Police Raid Handbook.

Chicago, Nov. 23.—Information given by an angry husband whose wife spent her time and his money in an alleged gambling resort led to a raid on a handbook on the South Side. The keeper of the place and eight women, five of them gray haired, were taken into custody.

The announcement that they were under arrest was followed by hysterical screams. Two of the women fainted. One offered to bribe the detectives to allow her to go.

in Galicia.

"It is reported that the Don Cos-

dispatch to the Daily Mail from Vienna
says: "Five large bridges spanning the

Fighting at Tchatalja.

London, Nov. 23.—The efforts to-
ward peace in the Balkans made no
visible progress. Exchanges of arti-
lery fire and infantry reconnaissances
proceeded along the Tchatalja lines
and Nazim Pasha, the Turkish com-
mander-in-chief, in a dispatch to Con-
stantinople, reports that an infantry
battle took place in front of the cen-
ter of his position and that the Bul-
garians left several thousand dead
before the Turkish outer works. Not
much credence is placed in this re-
port, however.

Elsewhere in the war zone the mili-
tary situation remains unchanged.

Rock Island, Ill., Nov. 23.—The ex-
ecutive council of the Modern Woodmen
of America, at an adjourned meeting
at the headquarters here, will consid-
er the course to be followed in deal-
ing with the decision of Circuit Judge
Shirley at Springfield, Ill., restraining
the society from putting into effect
Jan. 1, 1913, the rates adopted by the
society's legislative body at Chicago
last January.

Major C. W. Hawes, the society's
head clerk, in commenting on the
council's probable action, said:

"We will have full advices from our
legal counsel as to the terms of this
decision. We will, of course, respect
the order of the court while it re-
mains in force, but the case will be
carried to the court of last resort and
we fully expect an ultimate decision
reversing Judge Shirley's opinion."

leged dynamiters who are on trial in
Indianapolis.

Andrew J. Gallagher, representative
of the California State Federation of
Labor, raised the question of financial
aid to the men on trial in Indianapolis.
He offered an amendment to the re-
port of the committee on the presi-
dent's report providing that the bal-
ance in the McNamara defense fund
be devoted to the defense of the In-
dianapolis defendants. His amend-
ment was rejected by the chair on a
point of order that the money in ques-
tion is in the custody of the McNamara
defense committee and therefore not
at the disposal of the federation.

The president's report committee de-
fined the attitude of the federation in
the so called "dynamiting" cases, in-
cluding the McNamara cases, in these
words:

"The American labor movement, as
represented in the American Federa-
tion of Labor, will neither condone
nor undertake to carry on a criminal war-
fare on society. That some of these men
are guilty of carrying on such a war-
fare appears from the confessions they
have made relative to their con-
nections with these crimes. That
every man must be considered inno-
cent until he has been proved guilty
has always been accepted as a fun-
damental principle of our jurisprudence
and in the consideration of his case
before the courts he is entitled to a
fair and impartial trial."

Wants Fair Trial or Appeal.

The resolution adopted by the con-
vention was: "That delegates to the
convention on their return advise
their international unions and local
bodies to provide financial assistance
for the trade unionists on trial in In-
dianapolis, to aid them in securing a
fair trial and in appealing the cases
should fair trial be denied them."

The resolution also urged that the
men on trial be "not convicted in ad-
vance or the decision in their cases
be influenced" by the alleged fact that
certain corporations and a private de-
tective agency "are clamoring for a
conviction."

It was decided by more than the
two-thirds majority required to revoke
the charter of the International As-
sociation of Steam and Hot Water
Fitters and Helpers, delegates from
which were denied seats in the con-
vention last week.

The convention also refused to take
any action in the dispute between fac-
tions of the International Brotherhood
of Electrical Workers and reaffirmed
its decision that only the faction af-
filiated with the federation is legal.

Other resolutions adopted favor the
initiative, referendum and recall, in-
cluding the recall of judges; popular
election of United States senators;
workmen's compensation with the
retention of employers' liability, old
age pensions and the repeal or with-
drawal of the Sherman anti-trust law
to prevent the prosecution of labor
unions under its provisions.

JURY SEES KNOCKER CARDS

National Cash Register System of
Wiping Out Rivals Explained.

Cincinnati, Nov. 23.—The trial of
President John H. Patterson and
twenty-nine other officials or former
officials of the National Cash Register
company of Dayton, O., charged in
the United States district court here
with violating the criminal section of
the Sherman anti-trust act, probably
will be long drawn out.

"Knocker cards," or cards sent to
agents of the company, according to
James, to be filled out whenever a
rival machine was "wiped out of the
agent's territory," were put in evi-
dence over an objection by the de-
fense, as were also National cash reg-
ister magazines.

In one of the magazines the prose-
cution read an article stating that \$5
would be taken from the sale of each
National machine in order to maintain
a "competition department."

guilty of third degree murder in the
slaying of Tilly Bergsternman, who was
killed Sept. 30. They will be sen-
tenced next Monday.

APPROVES ROSTROM MEDAL

President Accepts Design for Gift to
Titanic Hero.

Washington, Nov. 23.—President
Taft approved the choice of the fine
arts commission for the design of a
gold medal to be presented to Captain
A. H. Rostrom of the Cunard liner
Carpathia for his heroic services in
saving the survivors of the Titanic
disaster.

The accepted design was the work
of John Flanagan of New York city.
The medal will be presented to Cap-

CAMPAIGN MATTER
RESULTS IN DEFICITFranking Speeches Wipes Out
Postal Surplus.

Washington, Nov. 23.—Political cam-
paign material transmitted free of
postage through the mails accounted
for the difference between a postal
surplus and a postal deficit for the
last fiscal year ended June 30, accord-
ing to postoffice department records.
An account of franked mail forward-
ed for congress, the executive depart-
ments and other government estab-
lishments includes matter which at
the ordinary rates would have netted
the government nearly \$20,000,000.
About \$3,250,000 of this would have
been paid on political documents.

The postal service handled during
the year 310,240,000 pieces of franked
mail, weighing 61,377,000 pounds. This
was 3.8 per cent of the total weight
of all domestic mail carried.

During the presidential and congres-
sional primary campaign in the last
quarter of the fiscal year, as disclosed
by comparison with the amounts of
free matter sent during the corre-
sponding periods of previous years, an
extraordinary amount of franked mat-
ter was sent through the mails at pub-
lic expense.

This matter consisted of political
speeches, reports and documents of
all kinds and even of one complete
political campaign book, all of which
had been made technically frankable
by insertion in the Congressional Re-
cord. It is computed that the total
weight of this franked matter was be-
tween 7,000,000 and 8,000,000 pounds,
all of which was transmitted as first-
class mail.

PROPOSES \$10,000 A YEAR

Senator McCumber Has Plan to Pen-
sion Ex-Presidents.

Washington, Nov. 23.—Senator P. J.
McCumber of North Dakota, chairman
of the senate committee on pensions,
has a plan to take care of former
presidents and their widows. It was
presented to the senate at the last
session. It is now given prominence
because of the offer of the managers
of the Carnegie foundation to grant a
pension of \$25,000 a year to former
presidents.

The Carnegie proposal is not ap-
proved by Senator McCumber. It is his
opinion that it is the duty of the
government to provide for men who
have served as president.

The McCumber plan was submitted
to the senate in connection with a bill
presented by Senator Root of New
York. The Root bill provided that the
government should pay the widows of
former presidents a pension of \$5,000
a year.

The bill was reported favorably, but
it was accompanied by an adverse re-
port prepared by Mr. McCumber, to
whose committee the measure was re-
ferred. Mr. McCumber suggested that
former presidents be granted a pen-
sion of \$10,000 a year and that their
widows be allowed a pension of \$5,000
a year.

Lone Bandit Holds Up Saloon.

Glencoe, Minn., Nov. 23.—The Os-

lone bandit and eleven men in the
place were robbed of \$500. They
were held at bay with their hands up
to the wall for thirty minutes. Fred
Wallace was arrested as the robber
and another man known as "Juggy
Joe" and a third one who is a stran-
ger are held as suspects.

CLAIMANTS FOR LEADERSHIP

Martin of Virginia, Now Minority
Leader, May Get the Plum—Rivers
and Harbors Bill to Be Pushed in
Short Session—Senator Borah to
Press Labor Department Measure.

By ARTHUR W. DUNN.

Washington, Nov. 23.—[Special.]—
When Governor Wilson set at rest all
doubt as to an extra session of con-
gress he started the liveliest sort of
contest among the Democrats of the
senate. More important than the Dem-
ocratic policies are the selfish desires
of individual Democrats regarding
committee places and committee chair-
manships. It might not be supposed
that the entire energy of a great and
successful party would be nearly con-
sumed in this mad rush for personal
place and scheming for committee as-
signments. It has always been the
case with every party. Every congress
witnesses jockeying and wirepulling
about committee assignments.

With the Democrats about to assume
control of the senate the combinations
are so many and possible that all sorts
of schemes and propositions are made.
Above it all is the claim of seniority,
which counts for everything and is not
easily upset, but there is an oppor-
tunity for many of the seniors to take
a choice, and they are playing the
game for the advantage of themselves
and their friends.

Will Martin Be Leader?

Senator Martin of Virginia is now
the minority leader. While technically
there is no real leader for the major-
ity, the chairman of the majority can-
cun organization is generally recog-
nized as leader. That honor has al-
ways fallen to the man longest in serv-
ice in the majority. Martin, Bacon
and Tillman came to the senate at the
same time. One of them will be cho-
sen chairman of the caucus. It will
possibly be Martin unless a fight is
made against him by the progressive
element of the party. Bacon will be
president pro tem. Tillman is not
strong enough for the place Martin
wants.

Not Getting Together.

"Taft would have been elected sure
if Roosevelt had not been in the field."
is the claim of the friends of the pre-
sident.

"If Roosevelt had been nominated at
Chicago by the Republicans he would
have been elected," say the leading
Progressives.

As long as that idea is expressed and
believed there is not much hope of the
rival factions getting together. If they
could realize that this was a Demo-
cratic year and that no Republican
was likely to succeed they might find
a mutual basis of future agreement.
But as long as the present feeling ex-
ists the effort of the peacemaker will
not be an easy task.

Rivers and Harbors Bill.

Already efforts are being made to se-
cure the passage of the rivers and har-
bors bill at the short session of con-
gress. The fact that eight members of
the house committee were defeated in
the last election will make them anx-
ious to get a bill through, so they may
look after their own interests while
still members of the committee. There
has been a sort of understanding that
a waterway bill shall pass each year,
although it has been found somewhat
more expensive than the old system of
one bill every two years.

Lost to Lodge.

Henry Cabot Lodge has had nearly
every ambition of his life gratified.
He has become the senior senator from
Massachusetts, has become one of the
senate leaders, has been spokesman
for a president, has twice been perma-
nent chairman of national conventions
and twice chairman of the committee
on resolutions which made the national
platform. But the one yearning ambi-
tion of his life remains unsatisfied—
he cannot become chairman of the
committee on foreign relations of the
senate. With a tenacity of life sur-
prising Senator Cullom has held on,
and when he was finally displaced the
Democrats capture the senate and take
the chairmanship, which was almost
within Lodge's grasp.

May Be Another Department.

While it is doubtful, there is the pos-
sibility of another cabinet position for
Woodrow Wilson to fill. The depart-
ment of labor bill has passed the house,
and Senator Borah has it in an advan-
taged position on the calendar. Borah
is the kind of man who pushes things
and knows how to get bills consid-
ered. Of course it will not be hard
to defeat any measure in the short ses-
sion, but persistence may win the bat-
tle. It would be a problem with Mr.
Taft as to whether he should approve
or veto such a bill.

"White House Guest."

It was some joker who referred to
President Taft as a "White House
guest" on the occasion of one of his
recent fleeting trips to Washington.
The president enjoys being on the wing
and no other man has been away from
Washington during his term of office
more than the present chief magistrate

SCHRANK GOES TO ASYLUM

Judge Sentences Assailant of Colonel
Roosevelt.

Milwaukee, Nov. 23.—John Schrank,
who shot Colonel Theodore Roosevelt
on the night of Oct. 14 in Milwaukee,
was committed by Municipal Judge
A. C. Backus to the Northern hospital
for the insane near Oshkosh until
cured. Judge Backus' ruling in part:

"The court now finds that the de-
fendant, John Schrank, is insane and
therefore incapacitated to act for
himself. It is therefore ordered and
adjudged that the defendant, John
Schrank, be committed to the North-
ern hospital for the insane near Osh-
kosh, in the county of Winnebago,
state of Wisconsin, until such time
when he shall have recovered from
such insanity, when he shall be re-
turned to this court for further pro-
ceedings according to law.

"And it is further ordered that all
proceedings in this case be saved in-
definitely and until such recovery."

SUPPOSED MADMAN
SHOOT DOWN TWOFires on Family Through Win-
dow Near Hamel, Minn.

Minneapolis, Nov. 23.—Matthew
Lenzen, aged twenty-five, and Leon-
ard Lenzen, Jr., aged ten, were
brought to St. Mary's hospital as the
result of a mysterious shooting at
their home near Hamel, fifteen miles
from this city. Matthew, the eldest,
may die.

Authorities can give no reason for
the shooting except that it was the
act of a madman.

The shooting occurred while the
mother, the two injured sons and sev-
eral of the other children were sitting
in the kitchen of their home one and
one-half miles south of Hamel.

Without warning the unknown as-
sailant, who had ridden his horse to
the window, fired upon the group, five
of his seven shots taking effect. Mat-
thew, the eldest, was struck four
times, once above the temple, once in
the breast and through each elbow.
The younger brother was shot in the
thigh.

Immediately this supposed madman
rode away and shortly afterward sev-
eral girls who were passing along the
road were shot at, but none was in-
jured.

TAKE ALLEGED KIDNAPPERS

Eleven Other Supposed Black Hand-
ers Arrested in Chicago.

Chicago, Nov. 23.—Thirteen Italians,
two of them identified as alleged kid-
nappers and the others suspected of
being implicated in recent blackmail-
ing schemes among fellow country-
men, were taken into custody when
detectives raided a basement of a
building in the North Side Italian
quarters.

Samuel Ruffo and Dominick Boria
were identified as the men who at-
tempted to kidnap Nicolata Vacaro,
fifty years old, from in front of her
home on the North Side Thursday
morning.

Luella Cera, captured at the time of
the attempted kidnapping, told the po-
lice that Ruffo and Boria gave him \$40
to aid them.

MAY BLOCK TAFT'S PLANS

Senate Democrats Figure on Holding
Up Appointments.

Washington, Nov. 23.—There are
significant rumors that the senate, dur-
ing the coming short session, may de-
cline to confirm any of the appoint-
ments of President Taft or to pass
any bills carrying out the recommen-
dations of his message. This stand, it
is said, will be the result of concerted
action among the Democrats who de-
sire to have President Elect Wilson
make all pending appointments and
secure credit for important new legis-
lation. In a word, the proposed plan
would nullify the office of president
for the next three months. There is
no ill will toward Mr. Taft in this pro-
posed policy, but more a desire to
secure party advantage.

PAY NO ATTENTION TO LAW

Many Candidates Ignore the Publicity
Statute.

Washington, Nov. 23.—Although the
federal campaign publicity law im-
poses both fine and imprisonment for
violation many candidates for con-
gress, among them candidates who
have been elected, have ignored the
statute. A number of Northwestern
men failed to comply with the law.

This has given rise to the question
among both Republicans and Demo-
crats as to whether the act should not
be amended so as to compel absolute
compliance.

The law is regarded as defective in
many respects. In the first place no
machinery was erected to enforce it.
In the second place no one is author-
ized to see that it is obeyed and no
provision is made for examination of
the accounts that are submitted to
the secretary of the senate and the
clerk of the house.

DECLARES RATES EXCESSIVE

Illinois Judge Enjoins Head Camp of
Modern Woodmen.

Springfield, Ill., Nov. 23.—Holding
the new rates adopted by the head
camp of the Modern Woodmen at the
meeting in Chicago in January, 1912,
to be burdensome to the members of
the society and excessive and un-
necessary Judge Robert Shirley of the
Sangamon circuit court granted a
perpetual injunction restraining the
head camp from putting the rates into
effect and also restraining the officers
from declaring delinquent any member
refusing to pay the new rates.

The injunction is sweeping, as the
organization is an Illinois corporation,
having subordinate organizations called
camps all over the United States and
Canada.

Serbia.

Vienna, Nov. 23.—Rumors of a Rus-
sian mobilization have led to a strong
anti-Russian outburst by the Austrian
press, which accuses Russia of being
behind Serbia.

The bourse was greatly weakened
in rumors of warlike preparations by
Austria and Russia.

Reports of mobilization by Austria
are still denied officially, but it is
known that certain military measures
have been taken which would enable
mobilization with great rapidity. Great
significance is attached to the visit of
the Austrian field marshal, Von
Cchemua, to Berlin.

fied hunters. All trace of them ap-
pears to have been lost.

RUMOR ABOUT STEEL CORPORATION

Said to Have Bought the Barrows Mine of the Virginia Ore Mining Company

WORK AT THE ADAMS MINE

Lease Made of Lands in 13-45-30 by Local Parties to E. J. Long-year of Minneapolis

A rumor which has caused some speculation on the south range of the Cuyuna is the report that the United States Steel corporation contemplates buying the Barrow mine of the Virginia Iron Mining company of Barrows. This company is a subsidiary of the M. A. Hanna company of Cleveland, Ohio. The Barrows mine is hoisting ore at present and stockpiling. They contemplate shipping from 75,000 to 100,000 tons of ore next season. The Northern Pacific railway has built coal tracks and other tracks to the property in readiness for the coming shipping season.

Work on the Adams shaft in section 30, township 46, range 28 near Oreland and southwest of Deerwood, is progressing in fine shape. The shaft is on ledge and is being anchored. The next step will be sinking through the ore. A station will be cut at the 100 foot level and a crosscut run. The foundations for the different mine buildings are being laid. The huge reinforced concrete chimney is nearing completion. As soon as the Adams shaft is entirely completed, it is said the Foundation company of New York will commence work on the Crow Wing mine shaft south of Oreland.

On the north range the Soo is grading into the Thompson property and providing for additional trackage. At the Armour No. 2 mine grading is being done by the Rogers, Brown Ore company to provide additional dumping space for their stockpile. The Inland Steel company has completed a laboratory at their mining property.

At the Cuyuna-Duluth property at the north end of the Iron-ton town-site work on the shaft is being carried on under the direction of Capt. William Pascoe. The head frames for the shaft are being prepared. The engine house is nearly completed, and a boiler has been installed.

W. A. Barrows, Jr., who had his offices in Duluth, has removed to Brainerd and will for a time have office room with Carl Zapffe. Accompanying Mr. Barrows was his stenographer, Julius Rothhaus.

Christ Zadow has given an option to G. Roy Johnson covering the northwest quarter of the southwest quarter of section 2, township 45, range 30, to drill for a term of three years and to purchase the land, if so desired, at \$4,000.

There has been leased to the E. J. Longyear company of Minneapolis land in the east half of the northwest quarter of section 13, township 43, range 30 by Cuyler Adams owning 1-24 and F. A. Edson owning 1-24, both of Deerwood; O'Brien Mercantile Co. of Brainerd owning 4-24, Dr. Werner Hemstead 4-24, C. A. Allbright 4-24, R. J. Hartley 4-24 and James M. Elder 1-24, all of Brainerd, and L. A. Barton of Douglas county, Wis., 1-24. The lease on record specifies that the royalty is to be 30 cents a ton, the term of years 50, and the minimum be paid \$3,000 per year the first two years, \$6,000 per year the next two years and \$9,000 each year thereafter.

An agreement has been filed by the Martin Exploration company and Samuel E. Atkins of Duluth and Walter A. Barrows, Jr., of Cleveland, Ohio, covering lands in tract 12 Holland's third addition to the city of Brainerd and all of blocks 1 and 12 Frank's addition to Brainerd, wherein the Martin Exploration Co. agrees to pay to Atkins and Barrows, one-half each, for services in obtaining

BOUND OVER TO GRAND JURY

Special to Dispatch:

Crosby, Minn., November 23.—Fred M. Powell, accused of keeping a house of ill fame in section 1, township 46, range 29, near Crosby, was examined in court this morning, the hearing being held at nine o'clock in the morning before Justice of the Peace Louis O. Berg. The county authorities, who have prosecuted this case as well as the recent violations of the liquor law, were present and County Attorney W. A. Fleming conducted the examination which lasted several hours. Four witnesses, including the two inmates of the place, Lucille Dudley and Ruth Wilson, gave their testimony. Powell was bound over to await the action of the grand jury.

options to mining leases, 5 cents per ton royalty in addition to the payment of the regular royalties as specified in the original lease.

A number of contracts have been assigned during the week which indicate the drift in mining development. Carl E. Carlsen and Arthur L. Carlsen of Deerwood have assigned to Robert B. Whiteside of Duluth their interest in a contract made with Frank L. Richards covering lots 1, 2 and 3 in section 31-135-27. R. C. Jamison has assigned to Robert B. Whiteside of Duluth, his contract with John Gordon covering land in lot 1, the south half of the northeast quarter, and the southeast quarter of the northwest quarter of section 6-134-27. He also assigns to him his interest in a contract with Mary F. Gordon covering land in lot 2 of section 6-134-27, reserving to himself a 1-8 interest in and to the iron ore on said premises. Mr. Jamison also assigns to Robert B. Whiteside his contract with Eunice J. Thurber and Charles L. Thurber, her husband, covering land in section 1-134-28.

TAX SALE FIGURES

Upwards of 300 Town Lots Have Been Sold in Brainerd, Netting \$6000 Taxes

County Auditor J. F. Smart has been kept busy for the past ten days issuing tax sale certificates and notices of expiration of redemption, growing out of the forfeited tax sale which is being held this month in all the counties of the state, as provided by law.

Upwards of three hundred town lots have been disposed of in the city of Brainerd, bringing in about \$6000 taxes. Only four pieces of country property were cleaned up, as there was practically none to offer, all taxes on farm lands being paid up throughout the county. Many of these lots will be redeemed by owners or interested parties, while in other cases the purchasers will perfect the title and acquire the property. In either event, taxes will be mostly kept up hereafter which is one of the desirable features of these sales.

The sale will be kept open till the end of the month at which time the final figures will be made up and report sent to the state auditor.

ROBBERS IN A MIDNIGHT BATTLE

Yeggmen Rifle Several Stores, But Fail to Blow the Bluffton, Minn. Bank Safe

VILLAGE MERCHANT INJURED

Charles Kupfer, Shot in Shoulder by Robbers, is Brought to a Brainerd Hospital

The robbery at Bluffton, Minn., Tuesday night, says the Minneapolis Tribune, was one of the most daring robberies ever perpetrated in western Minnesota.

The robbers failed to blow the safe of the village bank, but secured about \$200 in cash and jewelry from the family of Mrs. M. B. Klien. During the latter part of their operations they kept up a running gun fight with citizens of Bluffton.

Charles Kupfer, a village merchant, was shot in the shoulder during the fight and is now at the Northern Pacific hospital in Brainerd. It is not believed that his wound is dangerous. The bullet was extracted and he is getting along nicely.

About 11 o'clock Tuesday Mrs. Klien, whose husband is the proprietor of one of the two general stores in Bluffton, was awakened by breaking glass. Looking out she saw two men entering a saloon across the street. The village telephone exchange was in her husband's store, where the family lived, and Mrs. Klien secured Wadena on the line, and asked for help.

Meanwhile the burglars secured two revolvers and a supply of cartridges from the saloon, visited a blacksmith shop, procured a sledge hammer and other tools and crossed to the bank. They smashed one of the bank windows with the sledge hammer and walked in.

Mr. Klien while the robbers were breaking into the bank, hurried to the home of the saloonkeeper for help. The two men, however, could find no weapons, save two shotguns, and they hesitated to attack the yeggmen, knowing the latter were armed with heavy revolvers taken from the saloon.

While Mr. Klien and the saloonkeeper were rousing the village, and while Mrs. Klien was calling Wadena for help, the robbers worked boldly in the bank, trying to break open the vault. Several people living near the bank declared later they had watched the operations of the yeggmen, who used a big flashlight and could easily be seen. They say they saw the robbers working on the vault doors of the bank, saw them pour in charges of nitroglycerin, saw the explosions. There were five distinct charges, the villagers say, but the robbers failed to break into the vault.

By this time, Al. Steiner, station agent, and Charles Kupfer had found some heavier shotguns and hurried to the bank. The robbers, disgusted with their failure to crack the safe, leisurely left the building and Steiner and Kupfer opened fire, which the cracksmen immediately returned. One of the robbers, it is believed, was slightly wounded, as he fell at the first exchange of shots. But he immediately regained his feet. Kupfer received a bullet in the shoulder from one of the robbers' revolvers.

The robbers walked slowly toward the depot, firing five shots into the building as they approached. Then they entered Klien's home, and at the point of their guns forced Mrs. Klien to surrender \$50 in money and \$150 in jewelry.

"We are out to kill," shouted one of the men, "and if any of you people make any noise, we'll blow up this building and kill every one of you."

Meantime Sheriff Irwin and Marshal Naylor arrived in an automobile from Wadena, but in the darkness were unable to distinguish between the yeggmen and the citizens, and fearing to wound one of the citizens refused to return the shots which were directed at them as soon as they appeared.

After leaving Klien's store the cracksmen disappeared in the darkness, and no trace of them has been found. The Wadena authorities sent the remainder of the night in Bluffton, and as soon as it was light enough began a search for the robbers.

More Limericks on the Light Situation, The Absence of Light Offering Inspiration

Last night the lights behaved a little better, but the lack of preparation made for the coming winter season still leaves the city in a precarious shape. Another poetess sent in a limerick this morning and it reads:

The lights have driven my neighbor to verse (?)
We're all mighty glad that you say it's no worse.
But I really would think
They would drive one to drink,
Or at least to the care of the visiting nurse.

No one wants to increase the troubles of the visiting nurse. On her shoulders are heavy burdens, no "light" cares.

For the apparent improvement in the service of lights over that of former nights, the power station is to be commended, for a continuance of the peevish service would drive any housewife frantic.

\$1,138 RAISED BY Y. M. C. A.

Northern Pacific Railway Shop Men are Liberal in Their Contributions

The total amount raised in the Y. M. C. A. campaign at six-thirty last night was \$1,138. While yesterday's work does not compare favorably with the day before in the amount raised there are several encouraging features in connection with the day's activities. Very few men who were expected to make large contributions were called upon and the amount secured was practically all from the men in the N. P. shops, more than one hundred of these men having made pledges. The workers in the shops claim that they will be able to get something from practically every man.

At the supper last night the leaders pointed out the need of more workers in the business section and got the promise that a stronger effort would be made in this territory today. There is no question now in the minds of those who are managing the campaign but what the amount can be secured and by the time set for the close of the campaign if enough men will volunteer to call on the friends who are expected to contribute.

Some rivalry now exists between the teams. Team No. 8, E. E. Calkins captain, lead yesterday with \$84.00 to his credit. Team No. 6, J. A. McKay captain, was a close second with \$81.50. Team No. 7, J. H. Deakes, captain, was third with a total of \$70.75. Some of the teams have not warmed up yet but it is expected that there will be some good reports tonight and the days to follow.

There will be no campaign supper tonight, but the workers are asked to report as usual at 6 o'clock and those who can do so will take supper with the ladies of the Methodist church who will serve a chicken pie supper in the hall of the Y. M. C. A. for the benefit of the church.

PRAISE RANGE SUPPLEMENT

Hopewell Clarke of St. Paul and Karl Mathie of Wisconsin Show Their Appreciation

Letters continue to reach the Dispatch praising it for the publication of the recent "Cuyuna Range Mining Supplement."

Karl Mathie, president and general manager of the Wausau Sulphate Fibre company of Mosinee, Wis., says: "I should be pleased to receive a copy of your eight page supplement entitled: 'The Cuyuna Range.' The same has been very highly spoken of by the St. Cloud Times."

Hopewell Clarke, of St. Paul, at one time land commissioner of a branch of the Northern Pacific railway, shows his appreciation by ordering a number of extra copies for distribution among friends.

Other papers, exchanges of the Dispatch, have given the "Cuyuna Range Mining Supplement" a most favorable mention.

Barron-Carroll

A wedding of social prominence in Stillwater occurred Thursday morning, November 21, when Attorney W. W. Barron of Brainerd, was united in marriage to Miss Anna L. Carroll at St. Michael's Catholic church, Rev. Father Corcoran officiating.

The bride was attired in a beautiful wedding gown and carried a bouquet of bride's roses and lilies of the valley. The bridesmaid was Miss Edna Williams, of Minneapolis, who carried a bouquet of roses and lilies of the valley. The best man was R. S. Barron of St. Paul, a brother of the groom.

After the ceremony a sumptuous wedding breakfast was served at the home of the bride's parents, Mr. and Mrs. Michael Carroll. The happy couple left in an auto for Minneapolis and visited friends there, arriving in Brainerd last night. They will be at home to their friends after December first in one of the Graham houses recently built on Holly street. The Dispatch joins their many friends in extending best wishes for their continued prosperity and happiness.

RUMOR ABOUT STEEL CORPORATION

Said to Have Bought the Barrows Mine of the Virginia Ore Mining Company

WORK AT THE ADAMS MINE

Lease Made of Lands in 13-45-30 by Local Parties to E. J. Longyear of Minneapolis

A rumor which has caused some speculation on the south range of the Cuyuna is the report that the United States Steel corporation contemplates buying the Barrow mine of the Virginia Iron Mining company of Barrows. This company is a subsidiary of the M. A. Hanna company of Cleveland, Ohio. The Barrows mine is hoisting ore at present and stockpiling. They contemplate shipping from 75,000 to 100,000 tons of ore next season. The Northern Pacific railway has built coal tracks and other tracks to the property in readiness for the coming shipping season.

Work on the Adams shaft in section 30, township 46, range 28 near Oreland and southwest of Deerwood, is progressing in fine shape. The shaft is on ledge and is being anchored. The next step will be sinking through the ore. A station will be cut at the 160 foot level and a crosscut run. The foundations for the different mine buildings are being laid. The huge reinforced concrete chimney is nearing completion. As soon as the Adams shaft is entirely completed, it is said the Foundation company of New York will commence work on the Crow Wing mine shaft south of Oreland.

On the north range the Soo is grading into the Thompson property and providing for additional trackage. At the Armour No. 2 mine grading is being done by the Rogers, Brown Ore company to provide additional dumping space for their stockpile. The Inland Steel company has completed a laboratory at their mining property.

At the Cuyuna-Duluth property at the north end of the Iron-ton town-site work on the shaft is being carried on under the direction of Capt. William Pascoe. The head frames for the shaft are being prepared. The engine house is nearly completed, and a boiler has been installed.

W. A. Barrows, Jr., who had his offices in Duluth, has removed to Brainerd and will for a time have office room with Carl Zapfe. Accompanying Mr. Barrows was his stenographer, Julius Rothaus.

Christ Zadow has given an option to G. Roy Johnson covering the northwest quarter of the southwest quarter of section 2, township 45, range 30, to drill for a term of three years and to purchase the land, if so desired, at \$4,000.

There has been leased to the E. J. Longyear company of Minneapolis land in the east half of the northwest quarter of section 13, township 43, range 30 by Cuyler Adams owning 5-24 and F. A. Edson owning 1-24, both of Deerwood; O'Brien Mercantile Co. of Brainerd owning 4-24, Dr. Werner Hemstead 4-24, C. A. Allbright 4-24, R. J. Hartley 4-24 and James M. Elder 1-24, all of Brainerd, and L. A. Barton of Douglas county, Wis., 1-24. The lease on record specifies that the royalty is to be 30 cents a ton, the term of years 50, and the minimum be paid \$3,000 per year the first two years, \$6,000 per year the next two years and \$9,000 each year thereafter.

An agreement has been filed by the Martin Exploration company and Samuel E. Atkins of Duluth and Walter A. Barrows, Jr., of Cleveland, Ohio, covering lands in tract 12 Holland's third addition to the city of Brainerd and all of blocks 1 and 12 Frank's addition to Brainerd, where-in the Martin Exploration Co. agrees to pay to Atkins and Barrows, one-half each, for services in obtaining

TAX SALE FIGURES

Upwards of 300 Town Lots Have Been Sold in Brainerd, Netting \$6000 Taxes

County Auditor J. F. Smart has been kept busy for the past ten days issuing tax sale certificates and notices of expiration of redemption, growing out of the forfeited tax sale which is being held this month in all the counties of the state, as provided by law.

Upwards of three hundred town lots have been disposed of in the city of Brainerd, bringing in about \$6000 taxes. Only four pieces of country property were cleaned up, as there was practically none to offer, all taxes on farm lands being paid up throughout the county. Many of these lots will be redeemed by owners or interested parties, while in other cases the purchasers will perfect the title and acquire the property. In either event, taxes will be mostly kept up hereafter which is one of the desirable features of these sales.

The sale will be kept open till the end of the month at which time the final figures will be made up and report sent to the state auditor.

ROBBERS IN A MIDNIGHT BATTLE

Yeggmen Rifle Several Stores, But Fail to Blow the Bluffton, Minn. Bank Safe

VILLAGE MERCHANT INJURED

Charles Kupfer, Shot in Shoulder by Robbers, is Brought to a Brainerd Hospital

The robbery at Bluffton, Minn., Tuesday night, says the Minneapolis Tribune, was one of the most daring robberies ever perpetrated in western Minnesota.

The robbers failed to blow the safe of the village bank, but secured about \$200 in cash and jewelry from the family of Mrs. M. B. Klien. During the latter part of their operations they kept up a running gun fight with citizens of Bluffton.

Charles Kupfer, a village merchant, was shot in the shoulder during the fight and is now at the Northern Pacific hospital in Brainerd. It is not believed that his wound is dangerous. The bullet was extracted and he is getting along nicely.

DOCTORS ENDORSE Newbro's Herpicide

When a doctor endorses a preparation it means more than an ordinary testimonial. His opinion is always that of the professional man devoted to the welfare of the people.

Rev. J. J. Boyd, Covington, Tenn. says: "I feel it my duty to write this for the benefit of those suffering from dandruff. In the average case a few applications of Newbro's Herpicide will remove all dandruff. It is advisable to continue its use for several weeks."

The words of J. B. Thompson, M.D., No. 2 Burroughs Place, Cor. Hollis St., Boston, Mass., are not less enthusiastic: "I can only speak in praise of Newbro's Herpicide. It is all that is claimed and perhaps more. Herpicide not only cleanses the scalp but brightens the hair, gives it life and makes it soft."

Newbro's Herpicide is the original remedy to kill the dandruff germ and stop falling hair. The terrible itching which goes with dandruff is allayed almost at once.

We positively guarantee the one dollar size bottle.

Write Ideas for Moving Picture Plays!

YOU Can Write Photo Plays and Earn \$25 or More Weekly

We will Show You How

If you have ideas—if you can THINK—we will show you the secrets of this fascinating new profession. Positively no experience or literary excellence necessary. No "flowery language" is wanted.

The demand for photoplays is practically unlimited. The big film manufacturers are "moving heaven and earth" in their attempts to get enough good plots to supply the ever increasing demand. They are offering \$100 and more for single scenarios, or written ideas.

Nearly all the big film companies, the buyers of photoplays, are located in or near NEW YORK CITY. Being right on the spot, and knowing at all times just what sort of plots are wanted by the producers, our SALES DEPARTMENT has a tremendous advantage over agencies situated in distant cities.

We have received many letters from the big film manufacturers, such as VITAGRAPH, EDISON, ESSANAY, LUBIN, IMP, SOLAX, REX, RELIANCE, CHAMPION, COMET, MELIES, ETC., urging us to send photoplays to them. We want more writers and we'll gladly teach you the secrets of success.

We are selling photoplays written by people who "never before wrote a line for publication."

Perhaps we can do the same for you. If you think of only one good idea every week, and will write it out as directed by us, and it sells for only \$25, a low figure,

You will earn \$100 Monthly for spare time work
